

# MANTAS 28

RECOMMENDED SYSTEM DESIGNS

December 2022 VER 3.1

**ROUTINE**

# SYSTEMS' DESCRIPTION

PRODUCT DESCRIPTION: Its top-grade components – two 8-inch midwoofers with Neodymium magnets and a 3-inch compression driver loaded with the well-known D.P.R.W.G. – ensure absolutely insignificant distortion levels and greater reliability. In simple operational terms, Mantas 28 can best be described as a 'compact, medium throw' line-source system, delivering exceptional intelligibility, headroom and power up to around 60 metres depending on location and configuration. Many systems can make the same claim in terms of performance, but very few achieve these results from an enclosure which is so small and light in weight.

KITS DESCRIPTION: These configurations ensure the best ratio between loudspeakers & amplifiers quantity, thus becoming an excellent investment with a fast economic return. They also guarantee an optimal combination between different kits of different product families (e.g. GTO kits & Mantas 28 kits), facilitating the cooperation within the Outline Rental Network thanks to the plug & play solutions.

## MANTAS28 SILVER CONFIGURATION

Minimum configuration suitable to reinforce a 500 to 1 000 people audience area, with high size/power ratio. Perfect matching with all GTO, C-12 & Superfly kits for downfill and outfill applications.

## MANTAS28 GOLDEN CONFIGURATION

Complete solution suitable to reinforce a 600 to 1 500 people audience area. Perfect matching with all GTO, C-12 & Superfly kits for downfill and outfill applications.

## MANTAS28 PLATINUM CONFIGURATION

Complete solution to reinforce a 1 500 to 3 000 people audience area. Perfect matching with all GTO, C-12 & Superfly kits for downfill and outfill applications.

## MANTAS28 SILVER CONFIGURATION

---

MANTAS 28	Two-way DPRWG® line array element	12
DBS 18-2	Ultra-low frequency extension touring array element. 2 x 18" LF. Stacked applications	6
FRM1-AL630	Superfly/Mantas28 aluminium main frame	2
SP4 LK18-12	12 m subwoofer cable (8pole x 4 mm <sup>2</sup> ) with male LK18 / 4 NL4 speakon connectors	2
SPK 4X4-15	15 m loudspeaker cable (4 poles x 4 mm <sup>2</sup> ) with NL4 speakon connectors	4
SPK 4X2.5-0.7	70 cm loudspeaker cable (4 poles x 2.5 mm <sup>2</sup> ) with NL4 speakon connectors	8
RACK A	4U touring rack with 1 GTA-Otto amplifier*	2
FCASE-M28-3P	Flight case suitable for three Mantas 28 elements	4
SCAP-DBS18-2	Weather protection cover for DBS 18-2	6
TROLLEY XIII	Wheeled trolley/front panel protection for DBS 18-2	6
NEWTON RACK	4U touring rack with 1 Newton16+8*	1
SF.MT-TR	Superfly/Mantas28 Family training (2 days)	1

\* More details @ the end of the document.

## MANTAS28 GOLDEN CONFIGURATION

---

MANTAS 28	Two-way DPRWG® line array element	16
DBS 18-2	Ultra-low frequency extension touring array element. 2 x 18" LF. Stacked applications	8
FRM1-AL630	Superfly/Mantas28 aluminium main frame	2
SP4 LK18-12	12 m subwoofer cable (8pole x 4 mm <sup>2</sup> ) with male LK18 / 4 NL4 speakon connectors	2
SPK 4X4-15	15 m loudspeaker cable (4 poles x 4 mm <sup>2</sup> ) with NL4 speakon connectors	4
SPK 4X2.5-0.7	70 cm loudspeaker cable (4 poles x 2.5 mm <sup>2</sup> ) with NL4 speakon connectors	12
RACK A	4U touring rack with 1 GTA-Otto amplifier*	2
FCASE-M28-2P	Flight case suitable for two Mantas 28 elements	8
SCAP-DBS18-2	Weather protection cover for DBS 18-2	8
TROLLEY XIII	Wheeled trolley/front panel protection for DBS 18-2	8
NEWTON RACK	4U touring rack with 1 Newton16+8*	1
SF.MT-TR	Superfly/Mantas28 Family training (2 days)	1

\* More details @ the end of the document.

# MANTAS28 PLATINUM CONFIGURATION

MANTAS 28	Two-way DPRWG® line array element	28
DBS 18-2	Ultra-low frequency extension touring array element. 2 x 18" LF. Stacked applications	12
FRM1-AL630	Superfly/Mantas28 aluminium main frame	2
SP4 LK18-12	10 m subwoofer cable (8pole x 4 mm <sup>2</sup> ) with male LK18 / 4 NL4 speakon connectors	4
SPK 4X4-10	10 m loudspeaker cable (4 poles x 4 mm <sup>2</sup> ) with NL4 speakon connectors	4
SPK 4X4-15	15 m loudspeaker cable (4 poles x 4 mm <sup>2</sup> ) with NL4 speakon connectors	6
SPK 4X2.5-0.7	70 cm loudspeaker cable (4 poles x 2.5 mm <sup>2</sup> ) with NL4 speakon connectors	18
RACK A	4U touring rack with 1 GTA-Otto amplifier*	4
FCASE-M28-2P	Flight case suitable for two Mantas 28 elements	14
SCAP-DBS18-2	Weather protection cover for DBS 18-2	12
TROLLEY XIII	Wheeled trolley/front panel protection for DBS 18-2	12
NEWTON RACK	4U touring rack with 1 Newton16+8*	1
SF.MT-TR	Superfly/Mantas28 Family training (2 days)	1

\* More details @ the end of the document.
